MMC Ventures Fund's preferred investment is pre-seed, and seed stages, where investment from MMC Ventures, and involvement from MMC and MMCV acquires a meaningful equity position and opportunity for significant ROI.

We plan to leverage venture capital partners and relationships with healthcare organizations to identify and or create interest in portfolio companies.

TARGET CHARACTERISTICS

- Primarily investments in early stage healthcare or health technology-driven companies
- \$250,000 to \$3MM investment size
- Strong potential gross margins
